Dear Sir / Madam,

APPLICATION FOR INTERNSHIP SOFTWARE ENGINEER

My name is Muhammad Haris Imran bin Saifol Bakhrin and I would like to apply with enthusiasm for the Internship Software Engineering for Petronas Digital. As well as being a valuable addition to your team and company, I am certain this would be an exceptional opportunity for me to grow both professionally and personally.

On top of my experience, I am holder of a Bachelor's Degree in information technology from Universiti Tun Hussein Onn Malaysia. On top of that, I served as a President of the Information Technology Club during semester 2 during my third year of degree. For the last of two years, I have interned as an IT technician at Asyraf Service Enterprise. I also have excellent communication skills with the ability to work directly with clients to provide outstanding customer service and also, I am good at problem solving and excellent work in the team.

In addition, I am fluent in Bahasa Melayu and English. On the tech side, I am skilled in using Microsoft Office, Photoshop, Visual Studio Code and Bootstraps. Besides, I also have interest in SQL, PHP and HTML **but I can learn by myself if there is something new that I must learn to get that internship position**. I have the skills and training needed to make improvements that will enhance functionality.

I look forward to coming in for an interview. Thank you for your time and consideration. Please be sure to contact me at 019-7615805 or harisirmansaifolbakhrin@gmail.com for further discussion.

Yours faithfully,

Haris Imran
